READING PLANS & SPECIFICATIONS

8 Sessions
Tuesdays, 6:00 p.m. - 8:00 p.m.
Sept. 14, 2010 - Nov. 2, 2010

INSTRUCTOR: Phil Robinson
PREREQUISITES: None
COURSE LIMIT: 20 persons

COURSE DESCRIPTION:

The course purpose is to familiarize individuals with drawings, specifications and other documents used in building construction. It is designed for those who have little or no experience in reading construction drawings.

The plans and specifications for an actual building will be used as technique tools; along with supplementary material which will be provided. Site, architectural, structural, mechanical and electrical drawings will be reviewed, along with project specifications and bid documents.

BASIC CONSTRUCTION ESTIMATING

8 Sessions
Wednesdays, 6:00 p.m. - 8:00 p.m.
Sept. 15, 2010 - Nov. 3, 2010

INSTRUCTOR: Phil Robinson

PREREQUISITE: You **MUST** be able to read blueprints and specifications.

COURSE DESCRIPTION:

This course provides an excellent working program for the beginning estimator. The program is designed to help the general construction estimator and is not intended to specialize in the sub-trade areas. However, it provides an excellent over-all preliminary to advanced estimating courses.

This course stresses an understanding of estimating, records, code of accounts, labor and material take-offs, wholesale price index, and practical estimating techniques. Subject material includes site work, reinforced and flat concrete, masonry, steel work, carpentry and millwork, roofing, plumbing, HVAC and electrical. All enrollees will complete a detailed estimate of a proposed building including project bid computation.

ABOUT THE INSTRUCTOR:

Phil Robinson is a veteran in the construction industry with over 35 years of experience. Presently, Phil operates his own consulting firm, PMR Consultants, Inc. He has had experience in a variety of assignments which include: design, purchasing, estimating and project management. Phil holds a Bachelor's degree in Civil Engineering, a Master's degree in Business, and is a registered professional engineer.
